PHILIPPINES: Summary of Response Activities (as of 19 November 2013)

Data Sources: HCT Cluster lead agencies in the Philippines, contact database philippines.humanitarianresponse.info, information collected from public sources by the Digital Humanitarian Network, Map Action, and Bangonph.com.

The numbers above represent the number of organizations working in a sector (or in some cases, subsector) by province. The figures above are almost certainly incomplete. Nevertheless the sectoral and geographic coverage shown above can be considered indicative of the overall response.

The Province names are colored based on the number of people affected as reported in the DSWD DROMIC report of 19 Nov 2013.
