### About ICVA

Founded in 1962, ICVA (International Council of Voluntary Agencies) is a global network of over 140 non-governmental organisations (NGOs) active in 160 countries, operating at global, regional, national and local levels, whose mission is to make humanitarian action more principled and effective by working collectively and independently to influence policy and practice.

The ICVA 2030 Strategy adopted by the ICVA's General Assembly in 2021 sets the framework for the direction and focus of ICVA's work from 2022-2030, as we evolve and transform our network. Rooting us more deeply in our mission of principled and effective humanitarian action, this strategy sets our collective values, our ways of working and our aspirational transformations.

We work on focus areas (Forced Migration, Humanitarian Coordination and Humanitarian Financing) to best serve our members and the sector as a whole.

Our added value is rooted in our work explaining & analysing, convening, brokering, influencing & advocating, supporting, and collaborating. Historically based in Geneva, ICVA Secretariat has now presence in Africa, Asia, Latin America, and MENA.
