# CLIP IDEAKSI

idea - innovation - action - inclusion

## IDEAKSI

ide inovasi aksi inklusi

[www.yeu.or.id](http://www.yeu.or.id)

[www.inovasi.yeu.or.id](http://www.inovasi.yeu.or.id)

YAKKUM Emergency Unit

# Goals of CLIP IDEAKSI

Innovations to overcome barriers for persons with disabilities and other most at risk groups to participate actively, and have capacity in disaster response and preparedness.

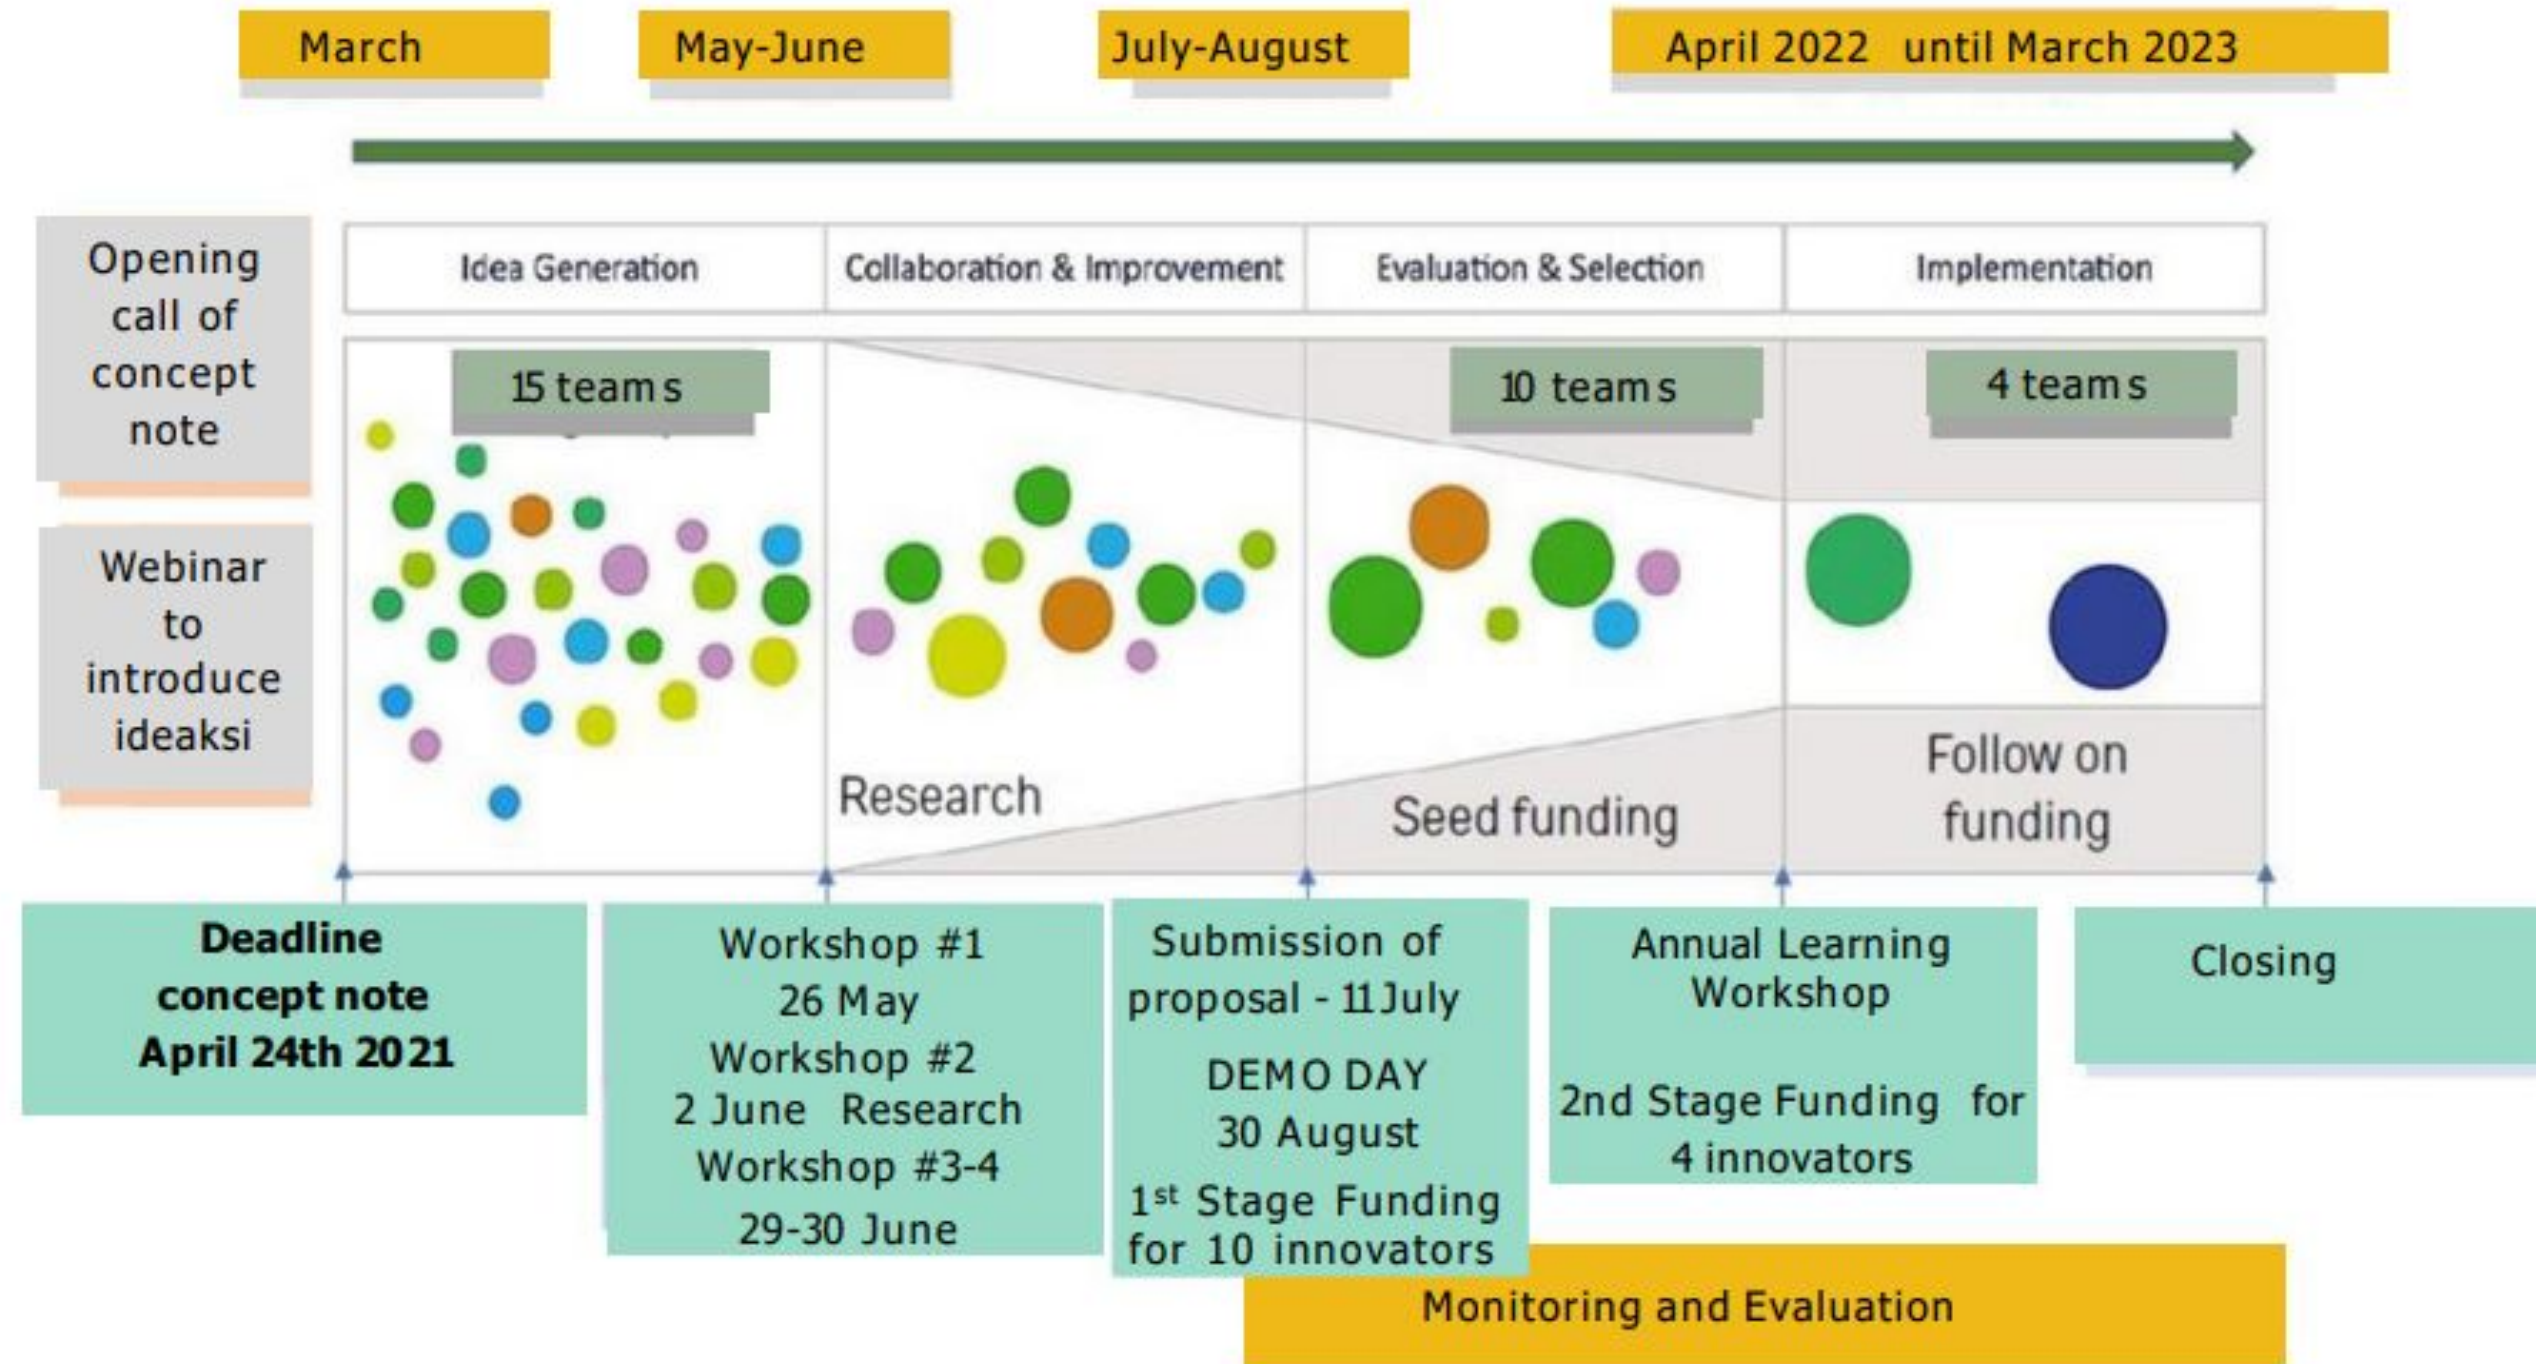

Innovation increases the effectiveness of emergency response and disaster risk reduction initiatives.

Innovation encourages the involvement of persons with disabilities and other most at risk groups in the process of coordination and policy making related to disaster management.

# IDEAKSI Innovation Journey

## Some preparations before implementing series of innovation workshop:

### Community Consultation:

involving community representatives with disabilities, older people, women, young people to ask their perspectives on the priority of risk, disaster loss and trend, risk governance, and enabling environment for inclusion in disaster management

### Inclusive Humanitarian System and Landscape in Indonesia

SCOPING STUDY FINAL REPORT  
YAKKUM Emergency Unit

### Scoping Study/Research:

overview of the humanitarian system in Indonesia as well as to assess how far inclusive the approach has been applied in the humanitarian system in Indonesia. Download at:

<https://yeu.or.id/in/scoping-study.html>

**Strengthening the innovation hub, local innovators & partners:** there is a division of roles and ensuring there are inductions, capacity strengthening in humanitarian innovation, accountability and safeguarding, mentoring as well as regular monitoring

## 4 innovations on Inclusive Data Management in Disaster Management:

**Growth Phase / Scale Up**

### CIQAL Foundation

Innovation: Optimizing the Role of Sister Village from Kepuharjo Village in an Inclusive Disaster Preparedness Program for Disabilities.

**Development Phase / Prototype**

### Disaster Risk Reduction Forum of Gunungkidul (FPRB GK)

Innovation: Inclusive Digital Deliberation Platform on DRR for people with disabilities in Gunungkidul.

**Development Phase / Prototype**

### Lingkar Association

Innovation: Adaptation of Inclusive Early Warning System and Evacuation Plan in Girikerto Village.

**Growth Phase / Scale Up**

### DIFAGANA DIY

Innovation: DIFGANDES 2.0 Android Api Inclusive Disaster Risk Reduction.

## 2 innovations on Climate Change Adaptation and Inclusive Participation:

**Growth Phase / Scale Up**

### Ngudi Mulyo Farmer Group

Innovation: Smart Mist Irrigation, an agricultural solution that is friendly to the elderly and people with disabilities with a touch of technology in its development to attract young people to participate in farming.

**Development Phase / Prototype**

### Forum Komunikasi Winongo Asri (FKWA)

Innovation: Waste Management Innovation with BSF (black soldier fly) or Maggot Larvae as an Effort to Manage Organic Waste with a Bioconversion Process in The Context of Disaster Mitigation Based on Local and Inclusive Communities.

## 2 Innovations on Inclusive Early Warning System:

**Growth Phase / Scale Up**

### PB Palma GKJ Ambarrukma

Innovation: Effective and inclusive Gadjah Wong River flood emergency response in 5 Padukuhan Caturtunggal Village.

**Development Phase / Prototype**

### Merapi Rescue Community

Innovation: Light and Sound-Based Evacuation Guideline System in Disaster Mitigation for Volcanic Eruption.

## 1 innovation on social innovation in DRR

**Development Phase / Prototype**

### Sekoci Sasana Inspira

Innovation: Orientation of the Host Families (SINARKARAT) as an Effective Solution in Disaster Mitigation for People with Disabilities.

# PARTNERSHIP

- Local & inclusive communities
- Government
- Academics
- NGOs
- Media

## YEU as Innovation Hub

- nurturing partnership with different actors
- promote community-led approach in each of the cycle
- strengthen capacity and understanding of innovator teams on inclusive humanitarian and DRR
- provide space for exchange learning and peer to peer consultation
- accommodate and facilitate inclusivity in each activity
