ENGLISH TRANSCRIPTION VERSION (COWACDI)

Humanitarian workers are aid workers as well, and the most important part of their job is ensure do no harm to the communities it save who has been affected by natural disasters or conflict, therefore, they must treat anyone in the community with respect and not advantage of the community they support, using the their power through sexual exploitation and abuse.

Aid workers must adhere to this principles to guide their work treat community with respect not allow to have any sexual relationship with anyone under the age of eighteen (18) even if it's legal in the country, not knowing the person's age is no excuse.

Not allow to pay for sex, cannot exchange employment goods or services for sex, or even suggested.

Not allow to have sexual relationship with anyone receiving assistance, even the person is willing, anyone in the community or aid worker that sees or suspect SEA should report it anonymous via 080 00002022 or nga.psea@humanitarianresponse.info

Or Psea focal person in the suspected aid worker agency

All aid workers should have clear way for people to share their concerns and feel protected from external harm.

This message is from concern for women and children development foundation (COWACDI)

And supported by inter agency psea community outreach and communication.
