

Survey findings

Role of Pooled fund and intermediaries in localization

Regional Humanitarian Partnership Week in Bangkok, 11-13 December 2023

Type of NGO participated the survey

1. In your opinion, what are the <u>merits</u> of a country based pooled fund (CBPF) for humanitarian response? (multiple choice)

2. In your opinion, what are the <u>challenges</u> for local actors to get access to the CBPF? (multiple choice)

Same due diligence assessment that equally apply to LA and INGOs is unfair and hinder access

Application procedures are sophisticated and complex for local actors (LA)

Policies for accessing to pooled fund for local actors are not favourable.

An uneven competition for LA as UN and INGOs also compete for same CBPF with their strong abilities

3. Who do you usually <u>partner with</u> for your humanitarian programmes?

4. If you are partnering, do you get the following support from your intermediary partner? (multiple choice)

5. In your opinion what are the <u>major challenges</u> for localization in your country? (multiple choice

Thank you
