

Question	Please read the application guidance before you complete the application form: https://www.icvanetwork.org/uploads/2025/06/Interagency-PSEA-Community-Outreach-and-Communication-Fund-Final.pdf
1	I understand that the Fund defines Sexual Exploitation and Abuse (SEA) as acts perpetrated by aid workers or people associated with aid organizations against the people that they are supposed to assist.
2	In which country will your proposed project be implemented from the following list?
3	Is your organization a local or national Non-Governmental Organization (NGO), Civil Society Organization (CSO) or local or national NGO forum/network?
4	Is your organization registered with the relevant national authorities? You will be asked to submit a registration certificate if short-listed.
5	Is your organization able to receive funds and report on funds from international sources?
6	Full name of your organization and abbreviation (if used). If no abbreviation, write none.
7	Organisation's address
8	Add your organization's website. Please write none if you do not have one.
9	Name of focal point for the application.
10	Role/position of focal point.
11	Add focal point's email address.
12	Add focal point's phone number.
13	Mark with x the organization type that best represents your organization (One answer only)
14	Mark with x the organization type that best represents your organization (select all that apply) .
15	How many staff does your organisation have? (If none to any category, write 0) .
16	Please provide a brief description of the mission of your organization and its main areas of work (maximum 2,000 characters).
17	What was your 2024 annual budget in USD?
18	What is your 2025 annual budget in USD?
19	Briefly describe your organization's experience implementing PSEA-related outreach and communication projects or activities with and for communities. Provide specific examples with name of target area(s) and link(s) to further information if available (maximum 1,000 characters).
20	List and describe existing policies, manuals, codes of conduct and/or protocols related to PSEA within your organization. You will be asked to submit your PSEA policies if short-listed.
21	Does your organization engage in a PSEA network?
22	If yes to PSEA network , provide the name and contact details of the PSEA network Chair or Coordinator.
23	If yes to PSEA network , provide a short description of your engagement in the PSEA network (frequency of engagement, the contributions you made etc.) . Maximum 500 characters.
24	Does your organization participate in any coordination mechanisms?
25	If yes to coordination mechanisms , Select all the coordination mechanisms in which your organization participates.
26	If yes to coordination mechanisms , provide a short description of your engagement in the coordination mechanisms selected (frequency of engagement, the contributions you made etc.). Maximum 700 characters.
27	Does your organization have a profile on the UN Partner Portal?
28	Please list current partnerships of your organization with donors or supporters such as governments, UN agencies, NGOs or NGO networks. If you don't currently have any partnerships, list partnerships you've had in the previous 2 years (maximum 1,000 characters).
29	Project Title
30	Indicate region(s), city(ies), specific communities targeted (write none if not relevant)
31	Expected project duration in months.

32	Please provide estimates of the number of people targeted by the project by stakeholder group. Add all that apply. Note projects must highlight how they target specific groups based on Age, Gender and Diversity considerations.
33	Problem statement: Describe the risk factors related to SEA by aid workers and/or people associated with aid organizations in the project target area(s) and existing gaps in PSEA outreach and communication to targeted groups, including related to SEA prevention and SEA reporting channels.
34	Project description: Describe the proposed project objectives, expected outcomes and activities, explaining how they will mitigate or address the risks and gaps identified. Add detailed activities for each target group, as well as indicative targets (e.g. Development and distribution of 5,000 posters) and languages in which the materials/activities will be delivered.
35	Project approach: Provide a brief description of the project's approach to implementing PSEA outreach and communication activities at community level, including community involvement in project design, delivery and oversight, PSEA awareness assessment methodologies (at the beginning and the end of the project), community feedback mechanisms and project adaptation, and building community trust and ownership.
36	Which reporting channel, Complaint and Feedback Mechanism (CFM), referral mechanism and/or other survivors' assistance and support services is your organization planning to promote in the project's outreach and communication materials/activities? List them and explain how they are relevant to your proposed project and the needs of communities.
37	What is the proposed budget for the project in USD? The total budget should not exceed 20,000 USD. Write 0 for categories not relevant.
38	Please provide a breakdown of the following costs in USD: PSEA outreach and communication materials, community engagement and training, and personnel. List all outreach and communication materials, community engagement and training planned with associated costs. Example: Printing of 2,000 posters = 2,000 USD: Training of Trainers for Volunteers = 3,000 USD. Also list all personnel included in the budget and associated costs.
39	Do you currently receive funding for - or self-finance - PSEA outreach and communication activities at community level?
40	Do you intend to seek additional funding for PSEA outreach and communication activities at community level?
41	Risk mitigation: Describe challenges/risks associated with the project, and how you intend to mitigate them.
42	Briefly describe how the project will contribute to sustaining PSEA at community level after it ends. Sustainability can be achieved for example through building linkages with reporting mechanisms or support services, setting up or strengthening PSEA groups or focal points, training of trainers, building linkages with coordination mechanisms etc.
43	Mark with x channels through which you heard about the Interagency PSEA Community Outreach and Communication Fund 2025 call for applications? (Mark all that apply)
44	Please add any comments or additional information of relevance to your application (Not mandatory)
45	By submitting this form, you agree for ICVA to contact your organization in relation to this application. You also confirm your understanding of how the information contained in the application will be utilized in alignment with ICVA's Privacy Policy (found at https://www.icvanetwork.org/privacy-notice/) Please indicate if you would like to receive future communications related to ICVA's work and the PSEA Outreach Fund (not related to this call for applications). You may opt out anytime by writing to secretariat@icvanetwork.org .
46	Please indicate if we may contact you after this 2025 call for applications should additional funding opportunities through the Fund arise.
